### Participant feedback

- This is the most valuable program I have ever undertaken. In a few short months I have grown more as a leader than any amount of past on-the-job experience.
- From the minute I started this program I knew it was exactly where I needed to be. Kerry has made such an impact on me, both professionally and personally. Her program allows deep and meaningful conversations that really help you understand people and how to lead by example. I'm so grateful to be in this program.
- This program has significantly enhanced my confidence in my leadership style and has helped facilitate meaningful conversations with teammates that were previously considered nearly impossible.
- This program has been transformational in my leadership journey. I can now lead as myself with confidence, authenticity and empathy.
- Incredible - I cannot believe what I have learnt and absorbed. This has literally changed the way I think and has helped me to understand who I am working with.
- This program provides tangible tools & strategies to help us improve our teams both personally and professionally, therefore providing the organisation with healthier, happier and more productive employees.

### About Kerry Vaughan

Kerry is an international speaker, author, facilitator, podcast host, and leader.

Kerry's award winning book 'Magnificent Kids!' was the catalyst to her founding the global organisation One Planet Classrooms, which facilitates projects such as clean water solutions and student sponsorship program, to schools and communities in Africa.

In 2018 Kerry launched Girls With Hammers which hosts conferences and workshops aimed at empowering and connecting women, and in 2019 Kerry released her second book 'Get Off The Bench!' to help people bring their ideas to life. The 'Get Off The Bench!' Podcast came to life in 2020 after a number of false starts and a stint of despair, and inspires people to believe they CAN.

Kerry is an Accredited DISC Advanced Consultant, and has been facilitating and training for 18 years both in Australia and internationally.
